**CONTROL OF DISSEMINATION AND USE OF  
INTELLIGENCE AND INTELLIGENCE INFORMATION**

Attachment: Director of Central Intelligence Directive No. 11/2

1. On 13 February 1955, the Director of Central Intelligence Directive (DCID) No. 11/2 on the Control of Dissemination and Use of Intelligence and Intelligence Information becomes effective. The DCID No. 11/2 is attached hereto for your information and guidance.

2. In addition to the control stamps set forth in DCID No. 11/2, CIA will use, when appropriate, the control stamps prescribed in b and c below.

a. MARKING

The marking of documents with control stamps will be accomplished so that such stamp will appear immediately below the classification in each instance. Where the control stamp is used without a classification, such marking will be made in a manner identical with that required for a classification.

b. "FOR OFFICIAL USE ONLY"

This control stamp may be used whenever information does not warrant a classification, but does require some dissemination limitation. Some examples requiring such dissemination control are: protection against copyright, libel, slander, and communication laws, and protection for moral, ethical, or legal reasons. Information bearing this stamp may be used for official purposes by foreign governments which have been authorized to receive it by the originating agency. This control stamp is used alone and never in conjunction with a classification.

c. "CIA INTERNAL USE ONLY"

This is a control stamp which may be used for information which if disclosed would violate existing Agency policy regarding protection of sources and methods. This control stamp may be used alone or in conjunction with a classification. Information so marked may not be released outside the Agency without the permission of the originating office.
